

DIPLOMA IN LIFE SKILLS & EMOTIONAL INTELLIGENCE

Being emotionally intelligent is vital to lead a healthy and harmonious life in today's world. It means having the life skills to understand ourselves, learn how to handle emotions in a mature way, understand others, and help them handle their emotions.

This course will focus on the practical aspects of learning life skills and understanding emotional intelligence (EI). It is ideal for:

- Parents who wish to bring up emotionally intelligent children
- School or college counsellors who want to upskill
- Trainers looking to expand their knowledge and content base
- People who want to learn the basics to explore opportunities as life skills trainers or EI coaches

COURSE HIGHLIGHTS

- 6-month course
- Weekly online classes
- One-on-one mentor support
- Assignment-based evaluation
- Extra sessions to polish presentation skills

POLISH YOUR PRESENTATION SKILLS

In addition to the weekly classes, we will also arrange special online sessions where participants will make presentations on different topics, ranging from 5 minutes to 15 minutes each, and get extensive feedback after every session.

This exercise will help you polish your training and presentations skills, especially if you are interested in becoming a trainer or a coach.

NOTE: Many assignments will require participants to meet children/ adults in their environment, speak to them on specific issues and submit their reports. There will be five assignments in the course.
